Registration

Unique in methods, Miami Springs allows its students the freedom to choose both teachers and classes. Conflicts are resolved and schedules are completed.

ME TOO! HU!

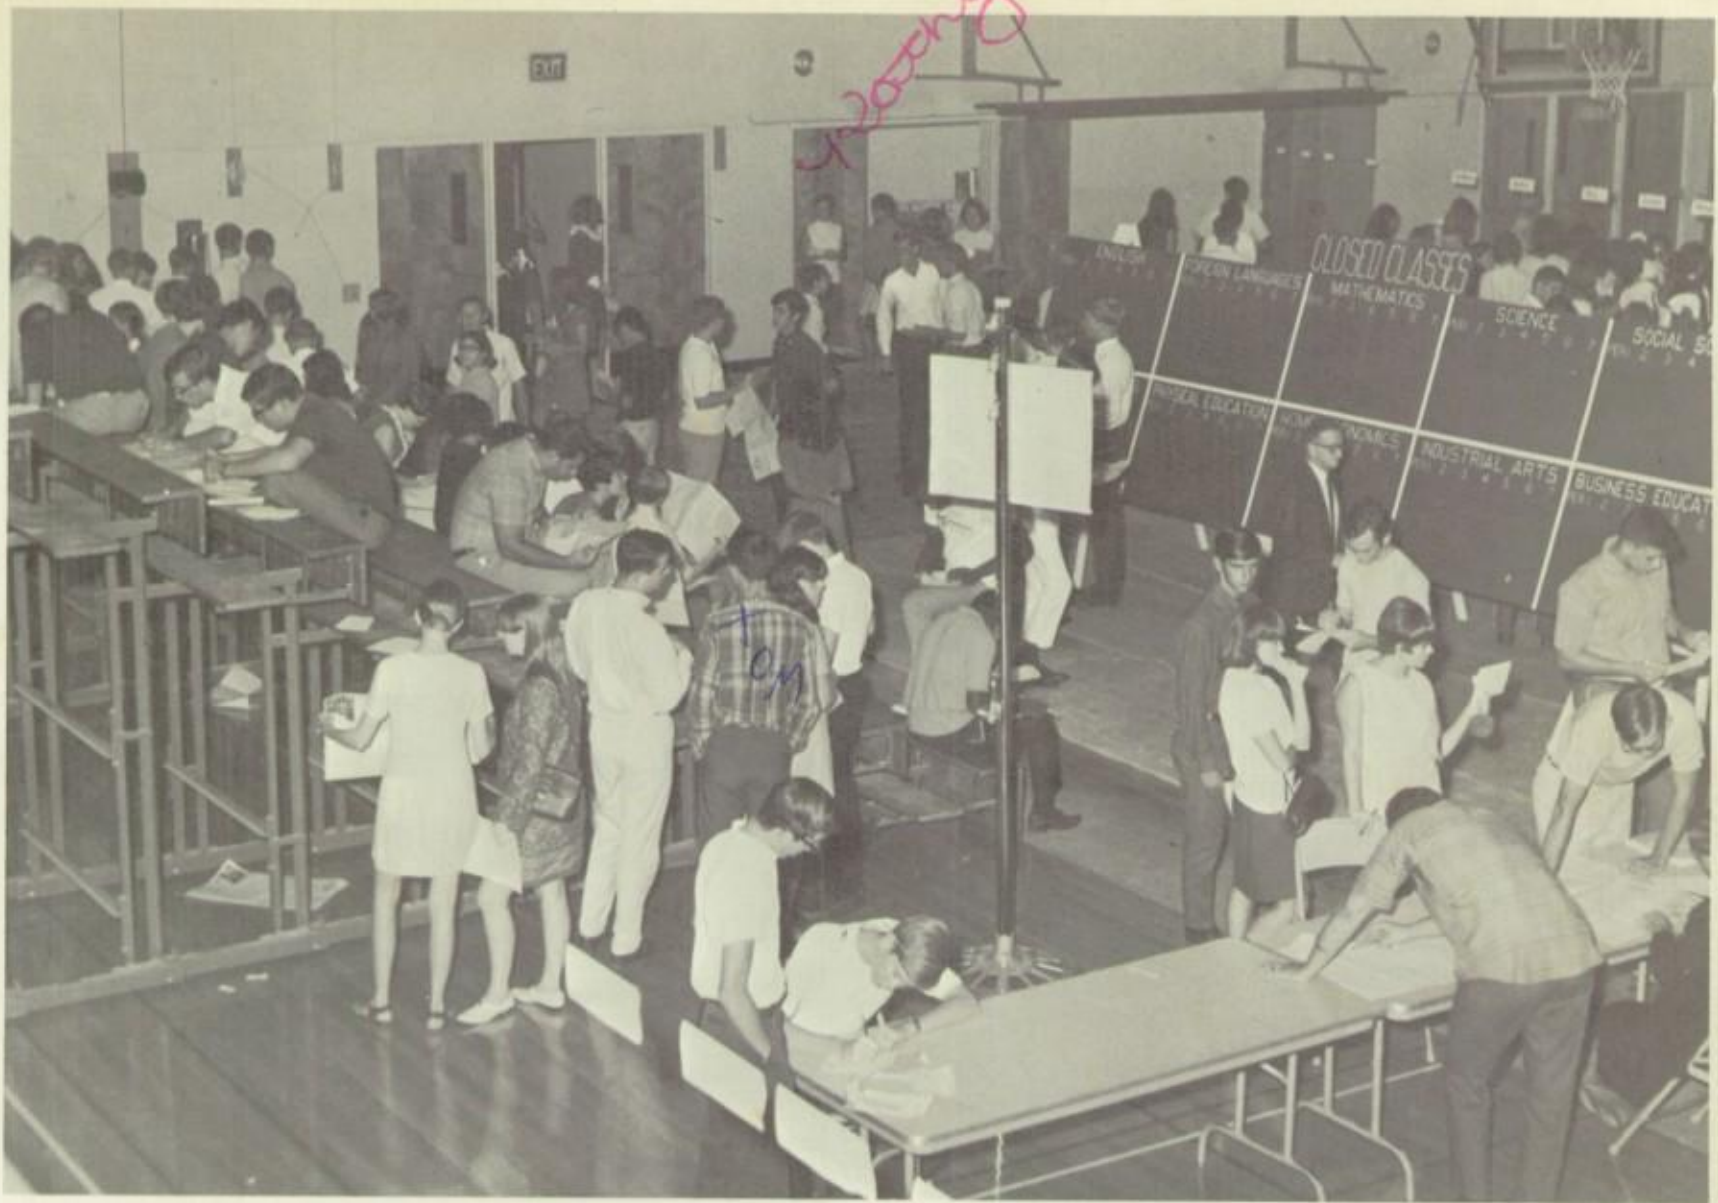

"What do you mean all Phase I, II, III and IV English classes are filled?"

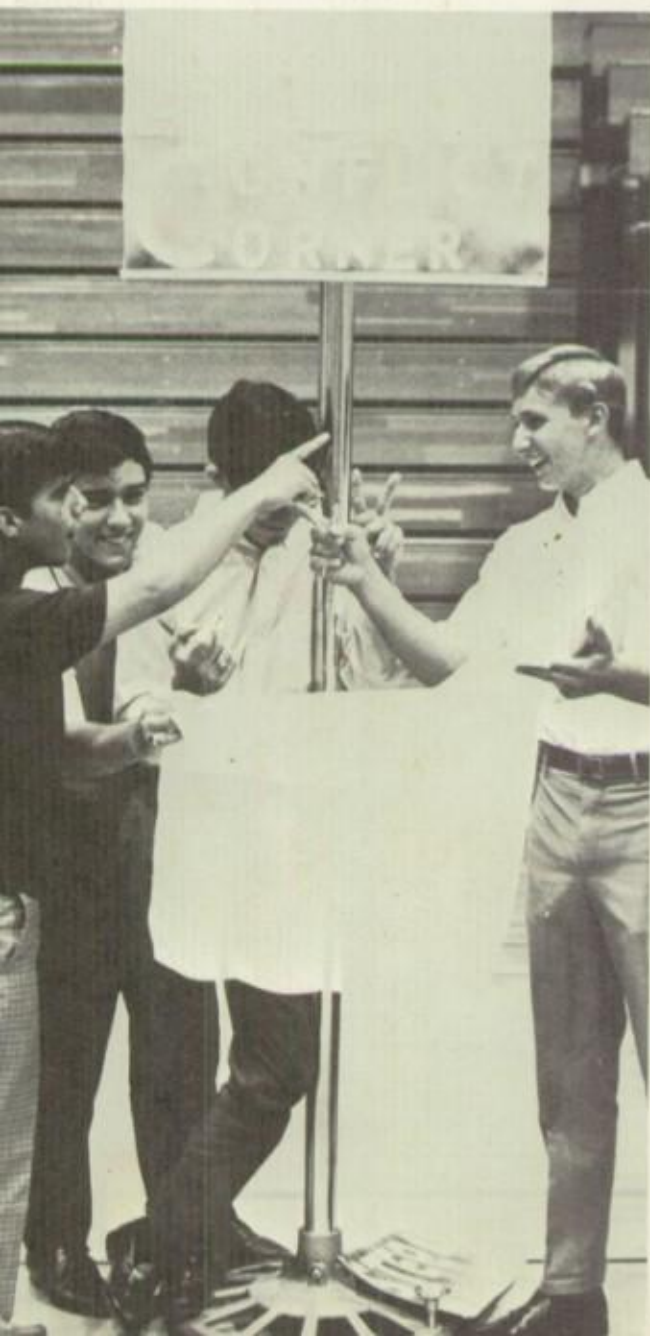

The English Department must register every student at Miami Springs.

It looks hectic ... It is ... But it's organized.

Schedules are made, changed, and changed again.

From out of dissension came understanding.

For some it was their individuality threatened.

THE WALKOUT:

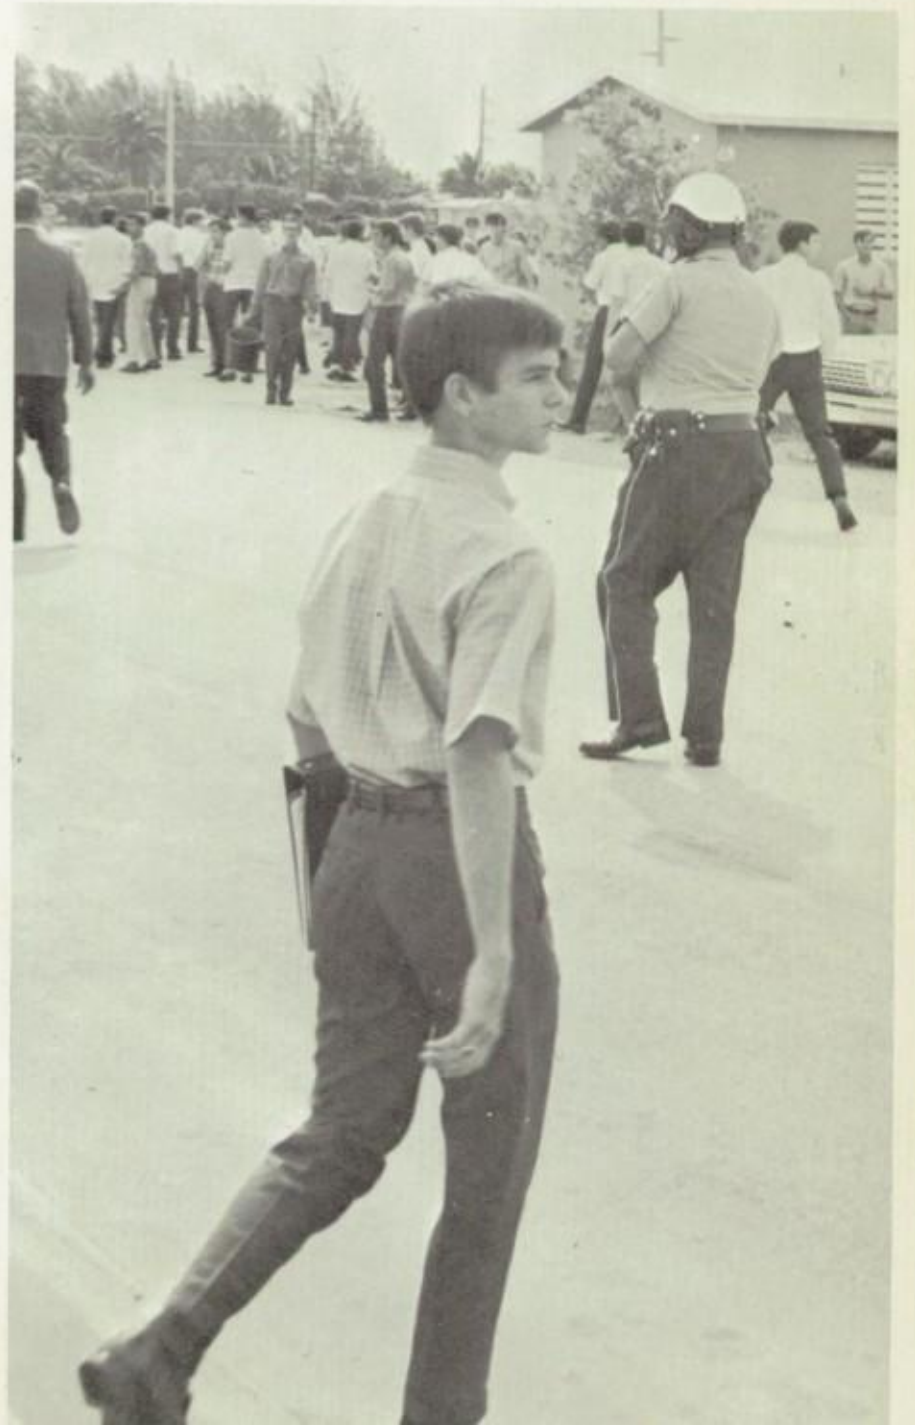

Students protesting for a fellow student. Some are serious, some are not. However, the protest is for one purpose—the future. The talks that followed made it possible for all to be heard.

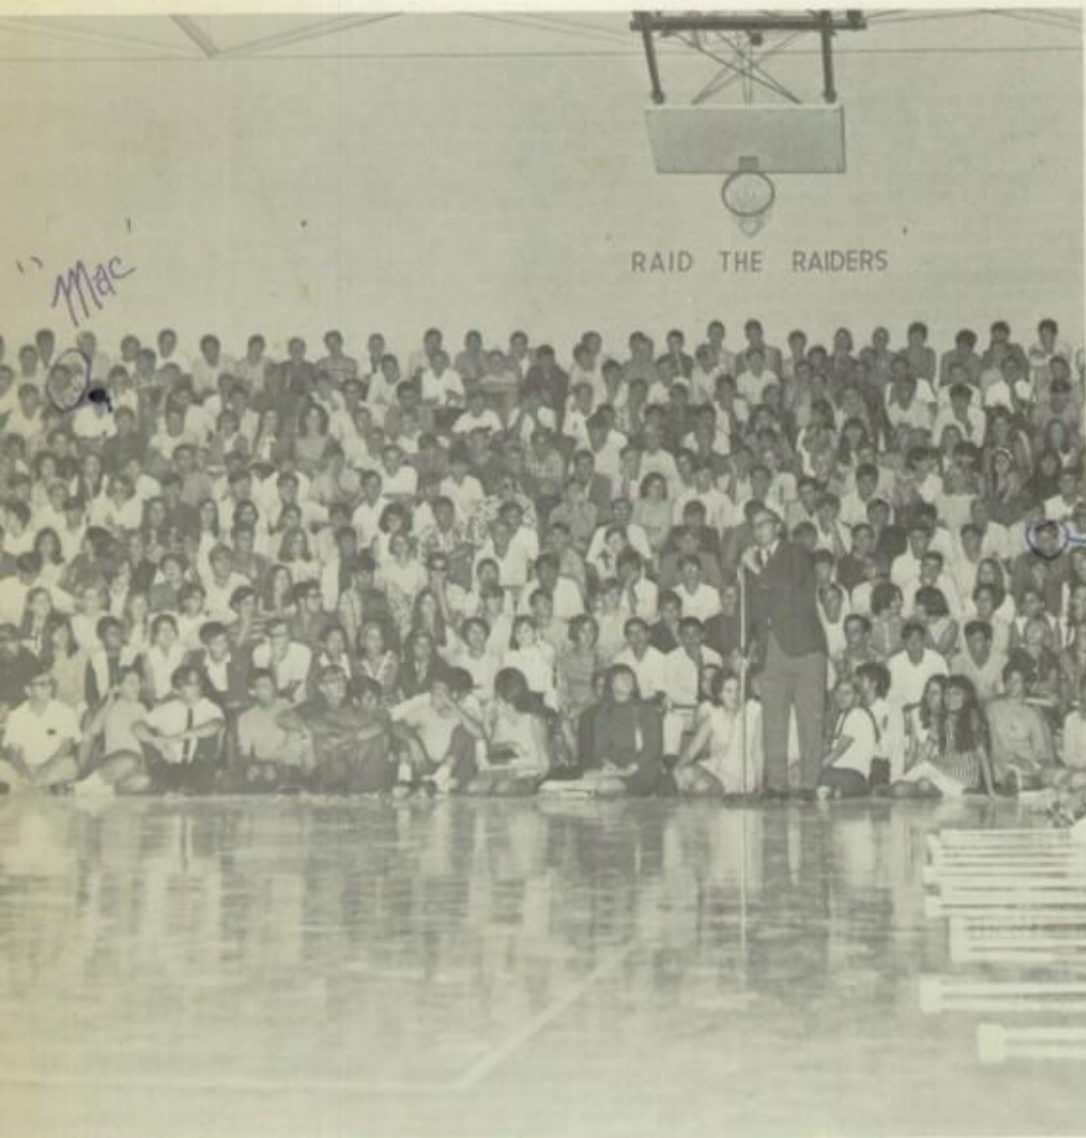

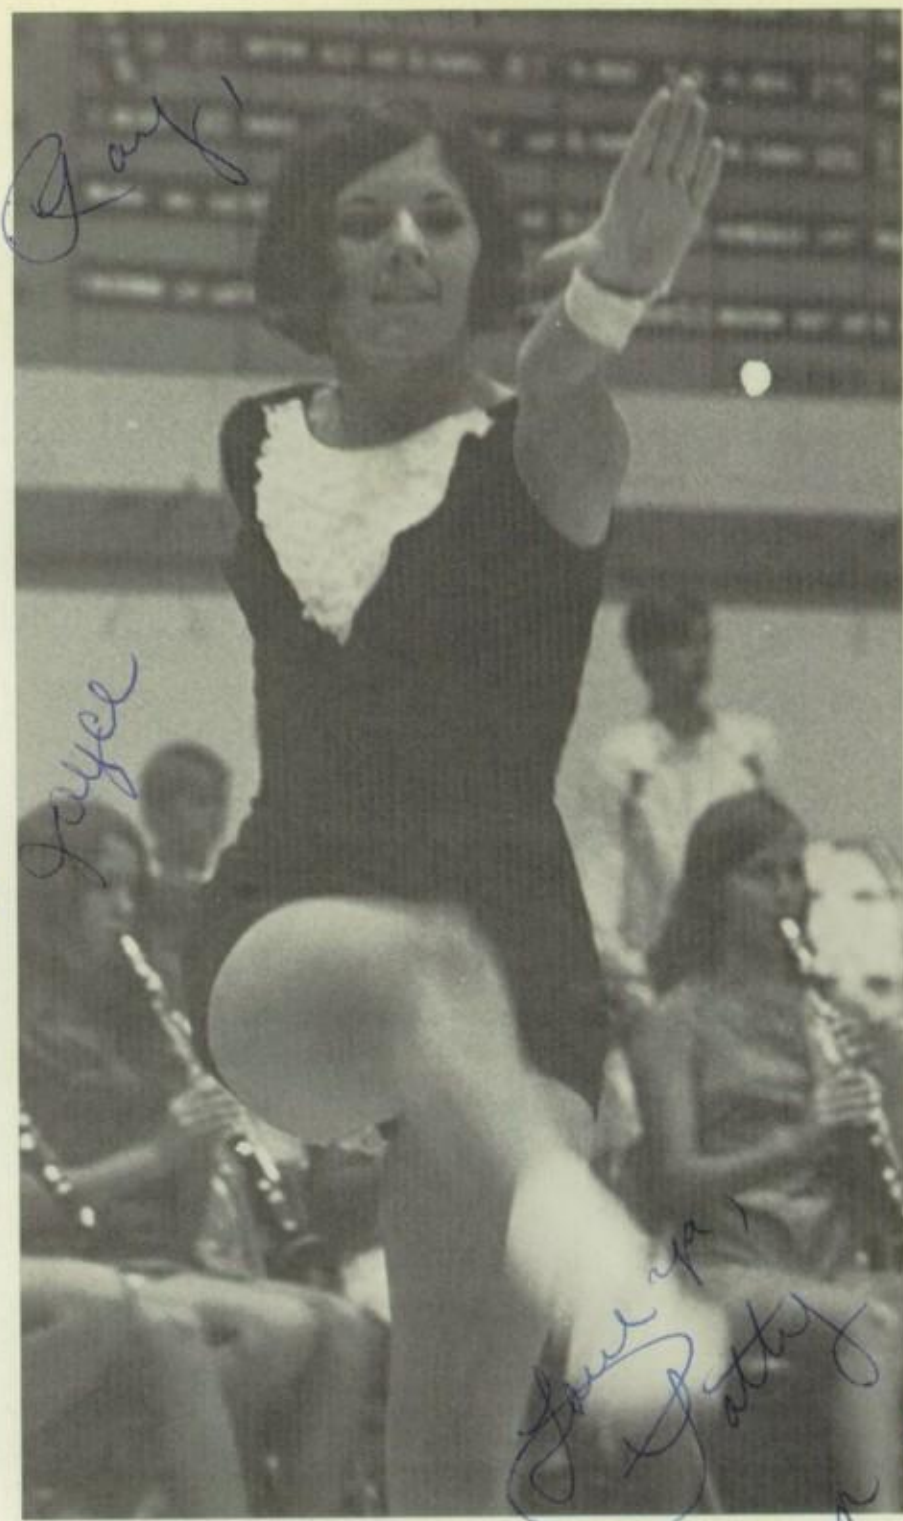

Maria del Carmen Rodriguez

Hey, is this a fire drill, or what?"

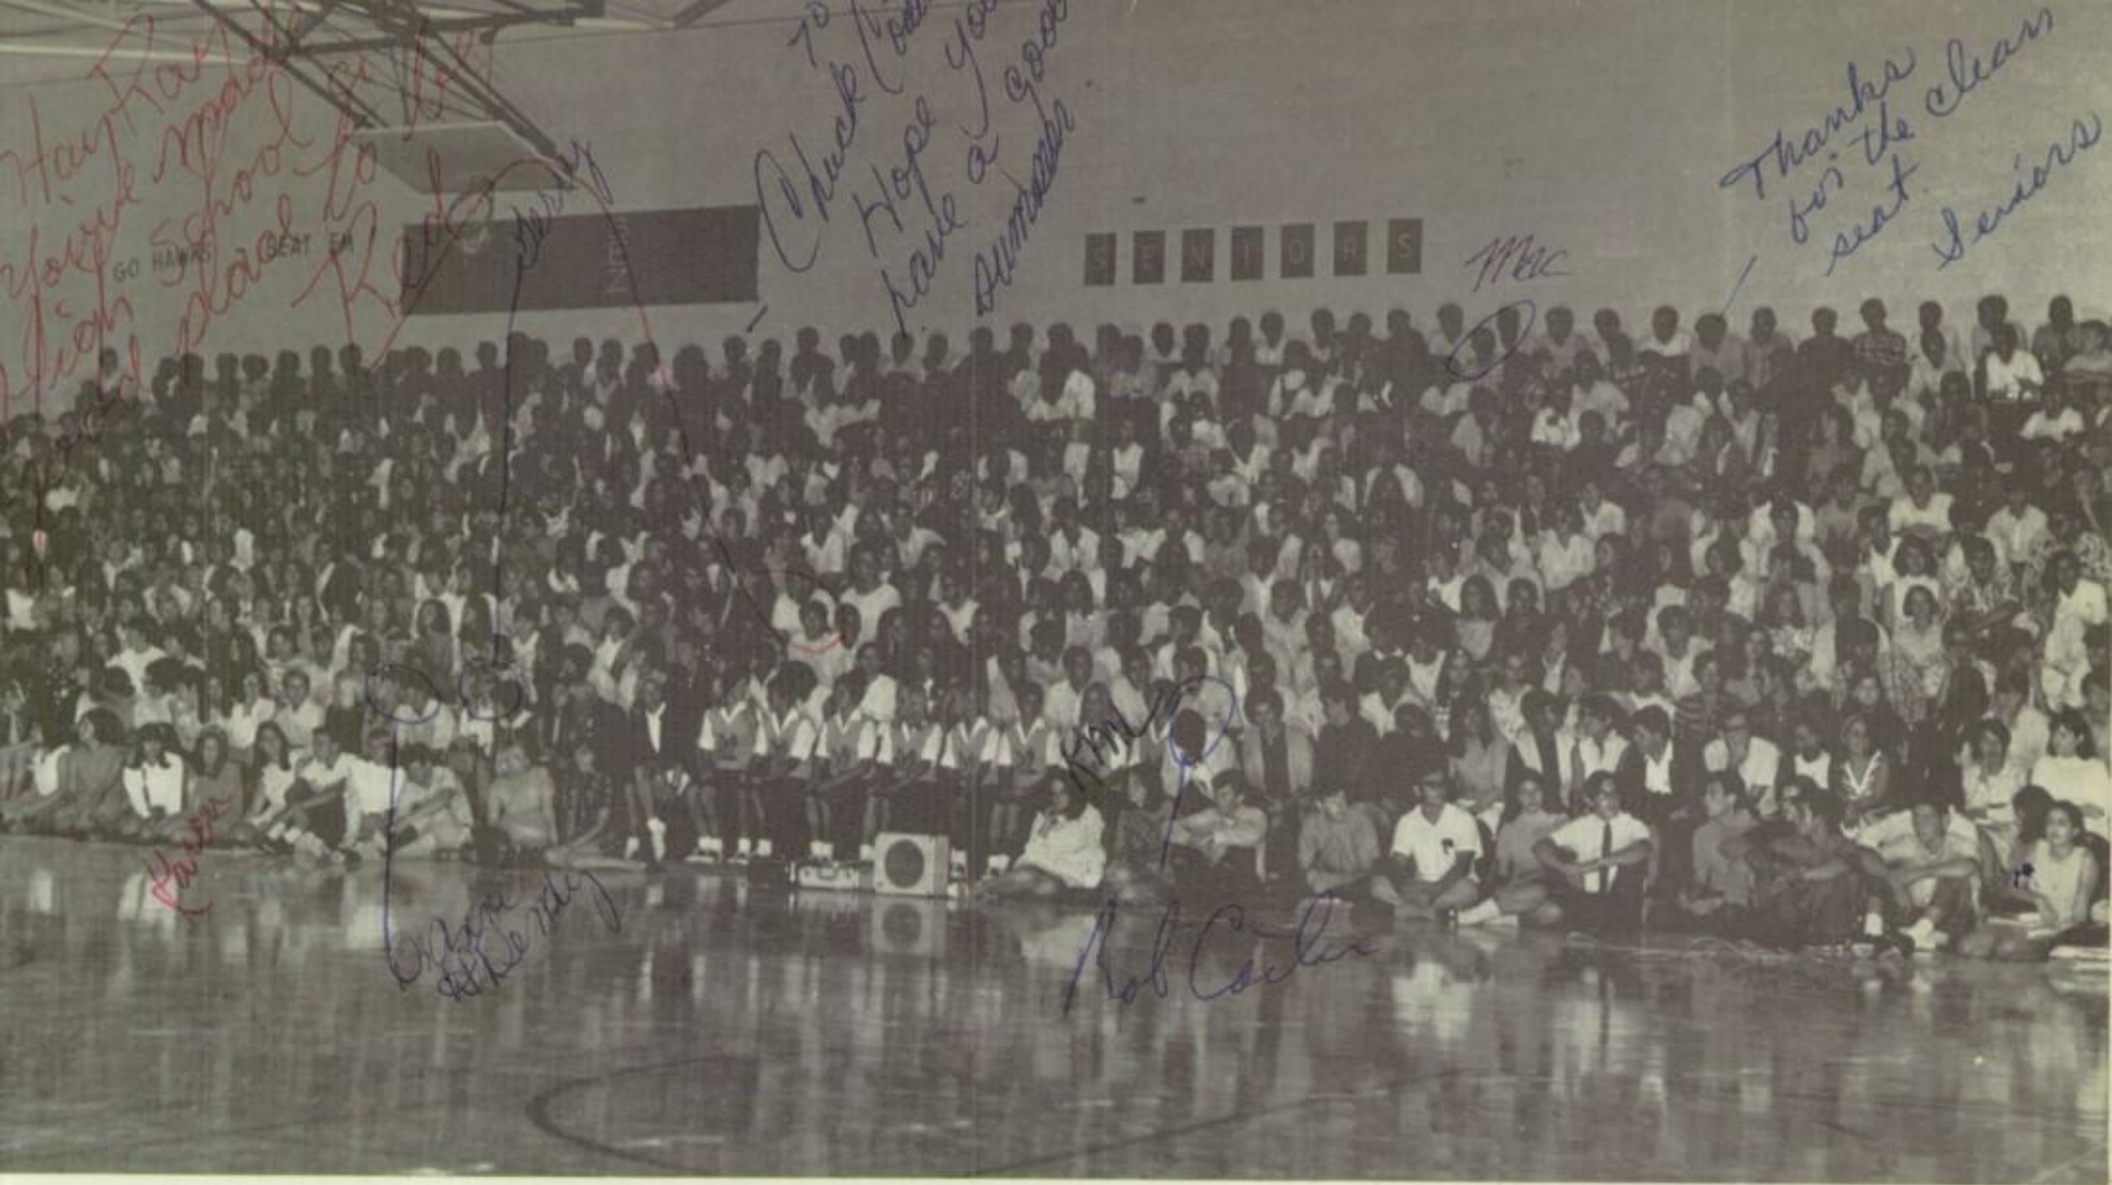

Now a word from our sponsor.

Majorette gets Into the Swing of Things.

I heard of a sit in, but the whole school?

That was a good one!

YEA, PEP RALLIES

Pep rallies are lots of fun, noise and screaming, but isn't it nice that they're on school time.

Yea, Pep Rallies.

A display of hidden talent, and friendly competition among clubs, all for the purpose of creating spirit for Homecoming. Each club does its best, but Key Club's "Sissy Man" tops them all.

Homecoming Week:

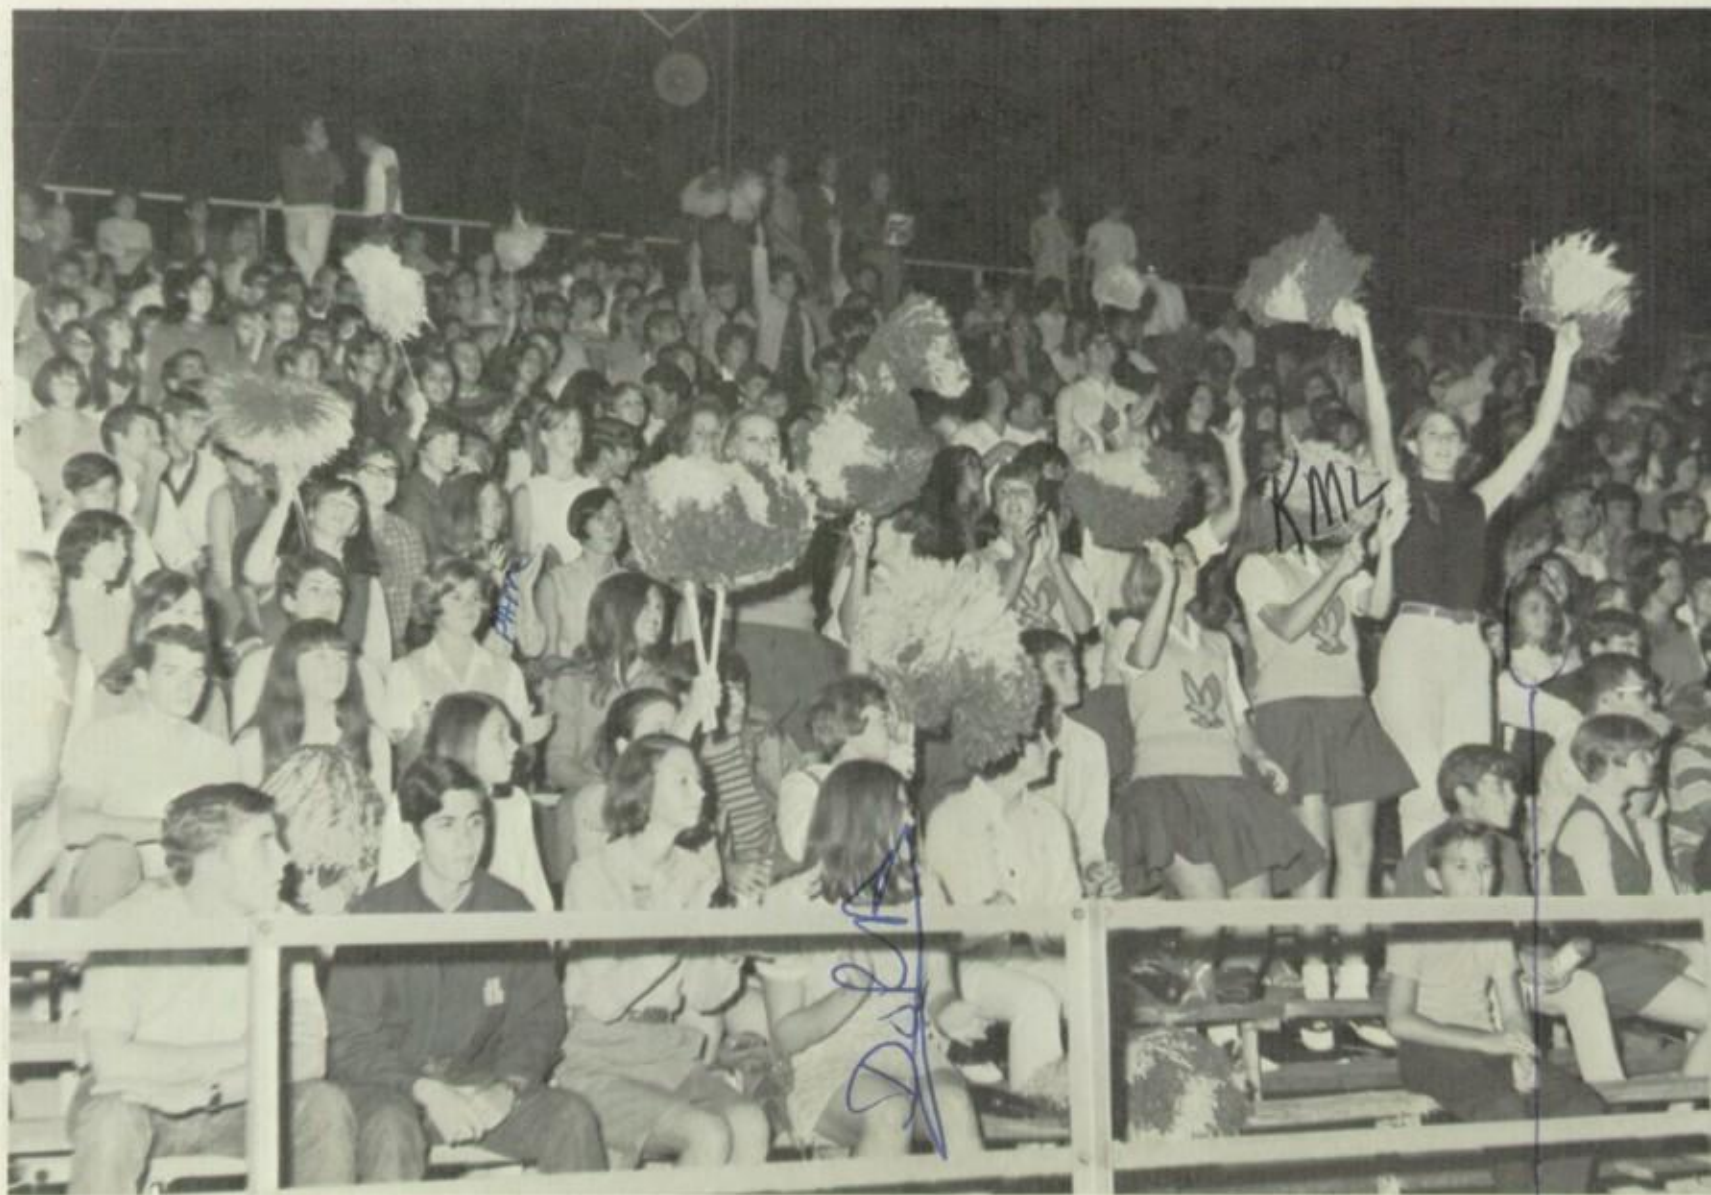

Why is it that the unity and spirit of Homecoming Week cannot last through the entire year? The pep rally, Fall Frolics, and the game pulled the student body together as a single voice.

Is that the cheerleaders or Raquel Welch?

Pot the Nags!

Spirit is high for the Homecoming game.

Raiders down Hawks 18-7 in season's opener.

Palmetto

Hawks down the Panthers 20-14, with unbelievable "bitting."

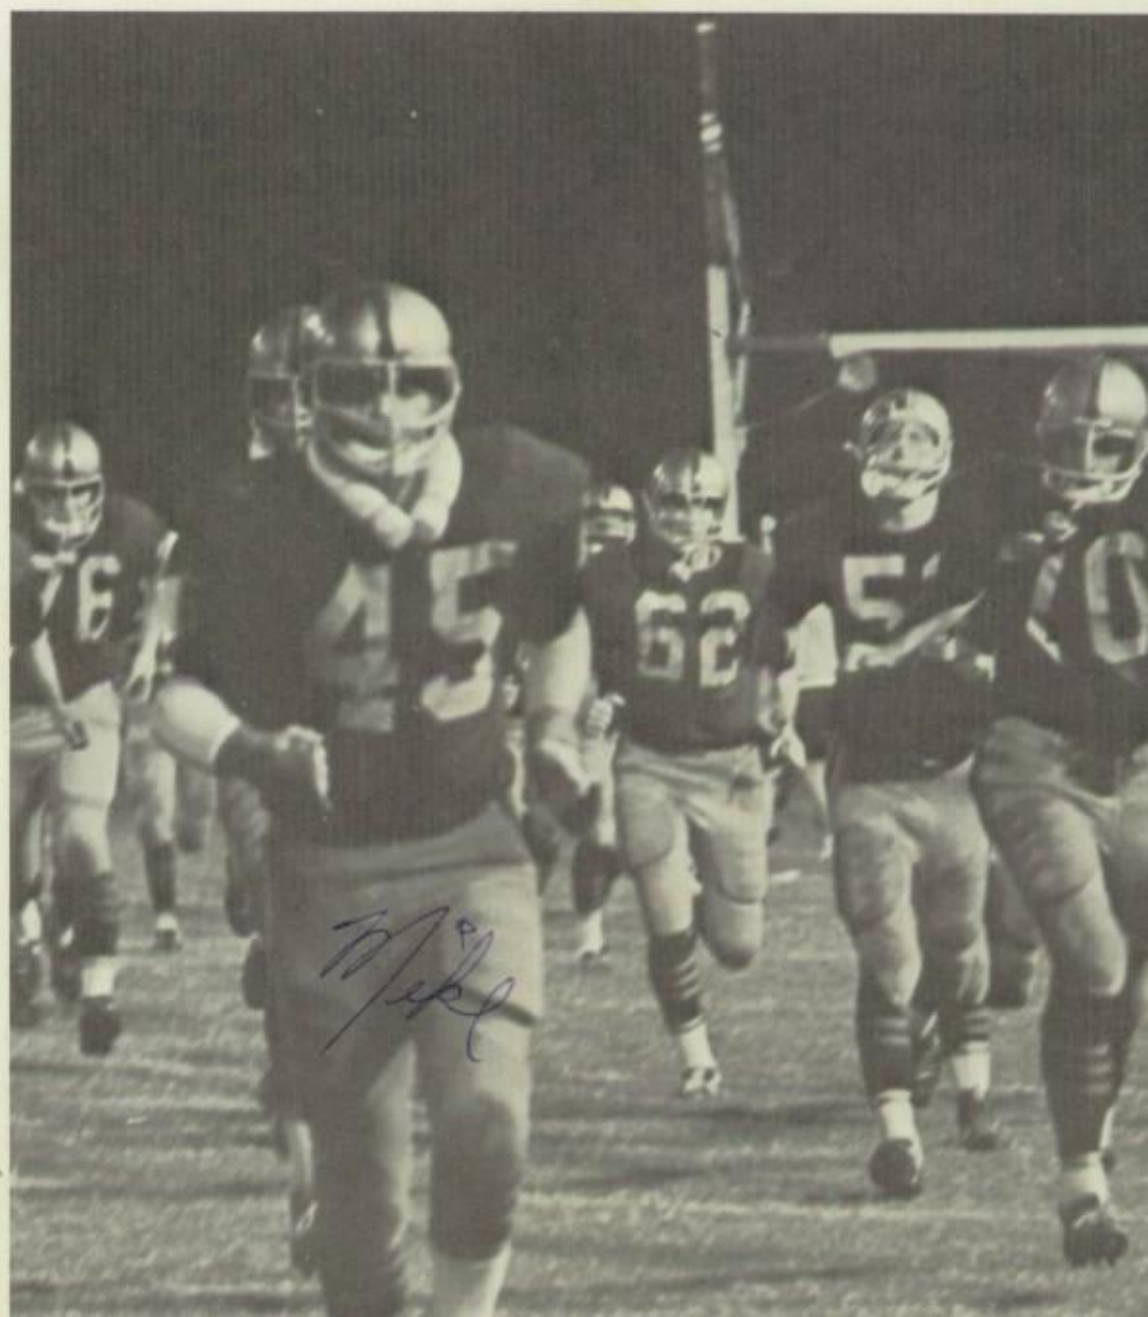

The Score.

Singletary holds on, stops Norland first down bid.

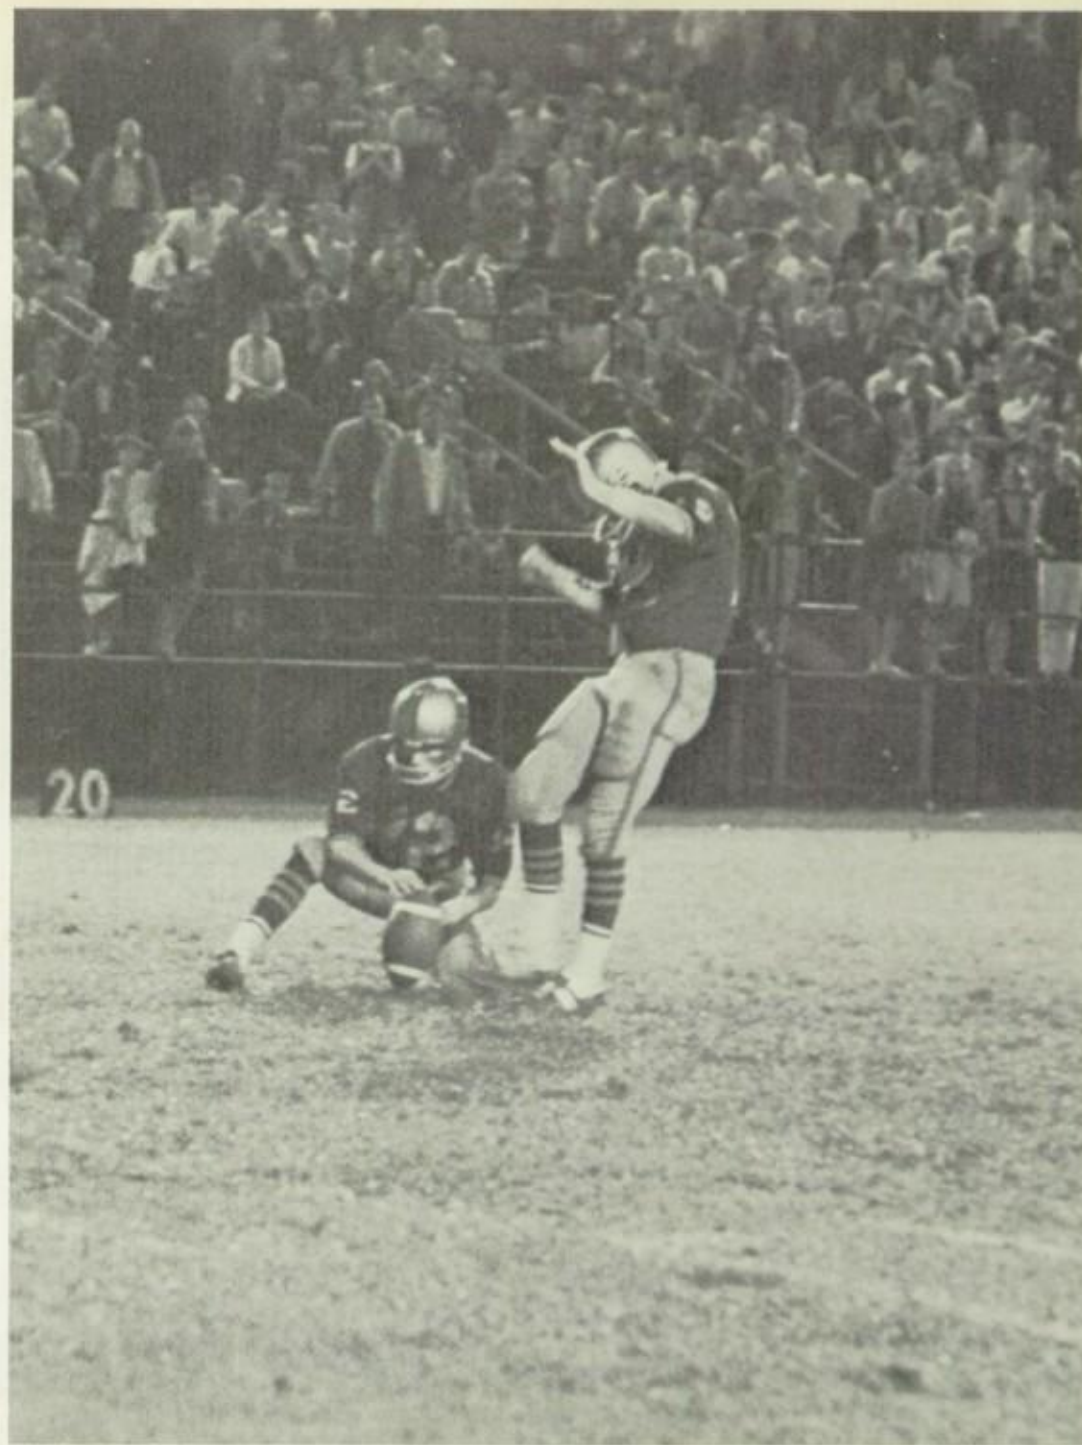

Hawk defense on the tackle.

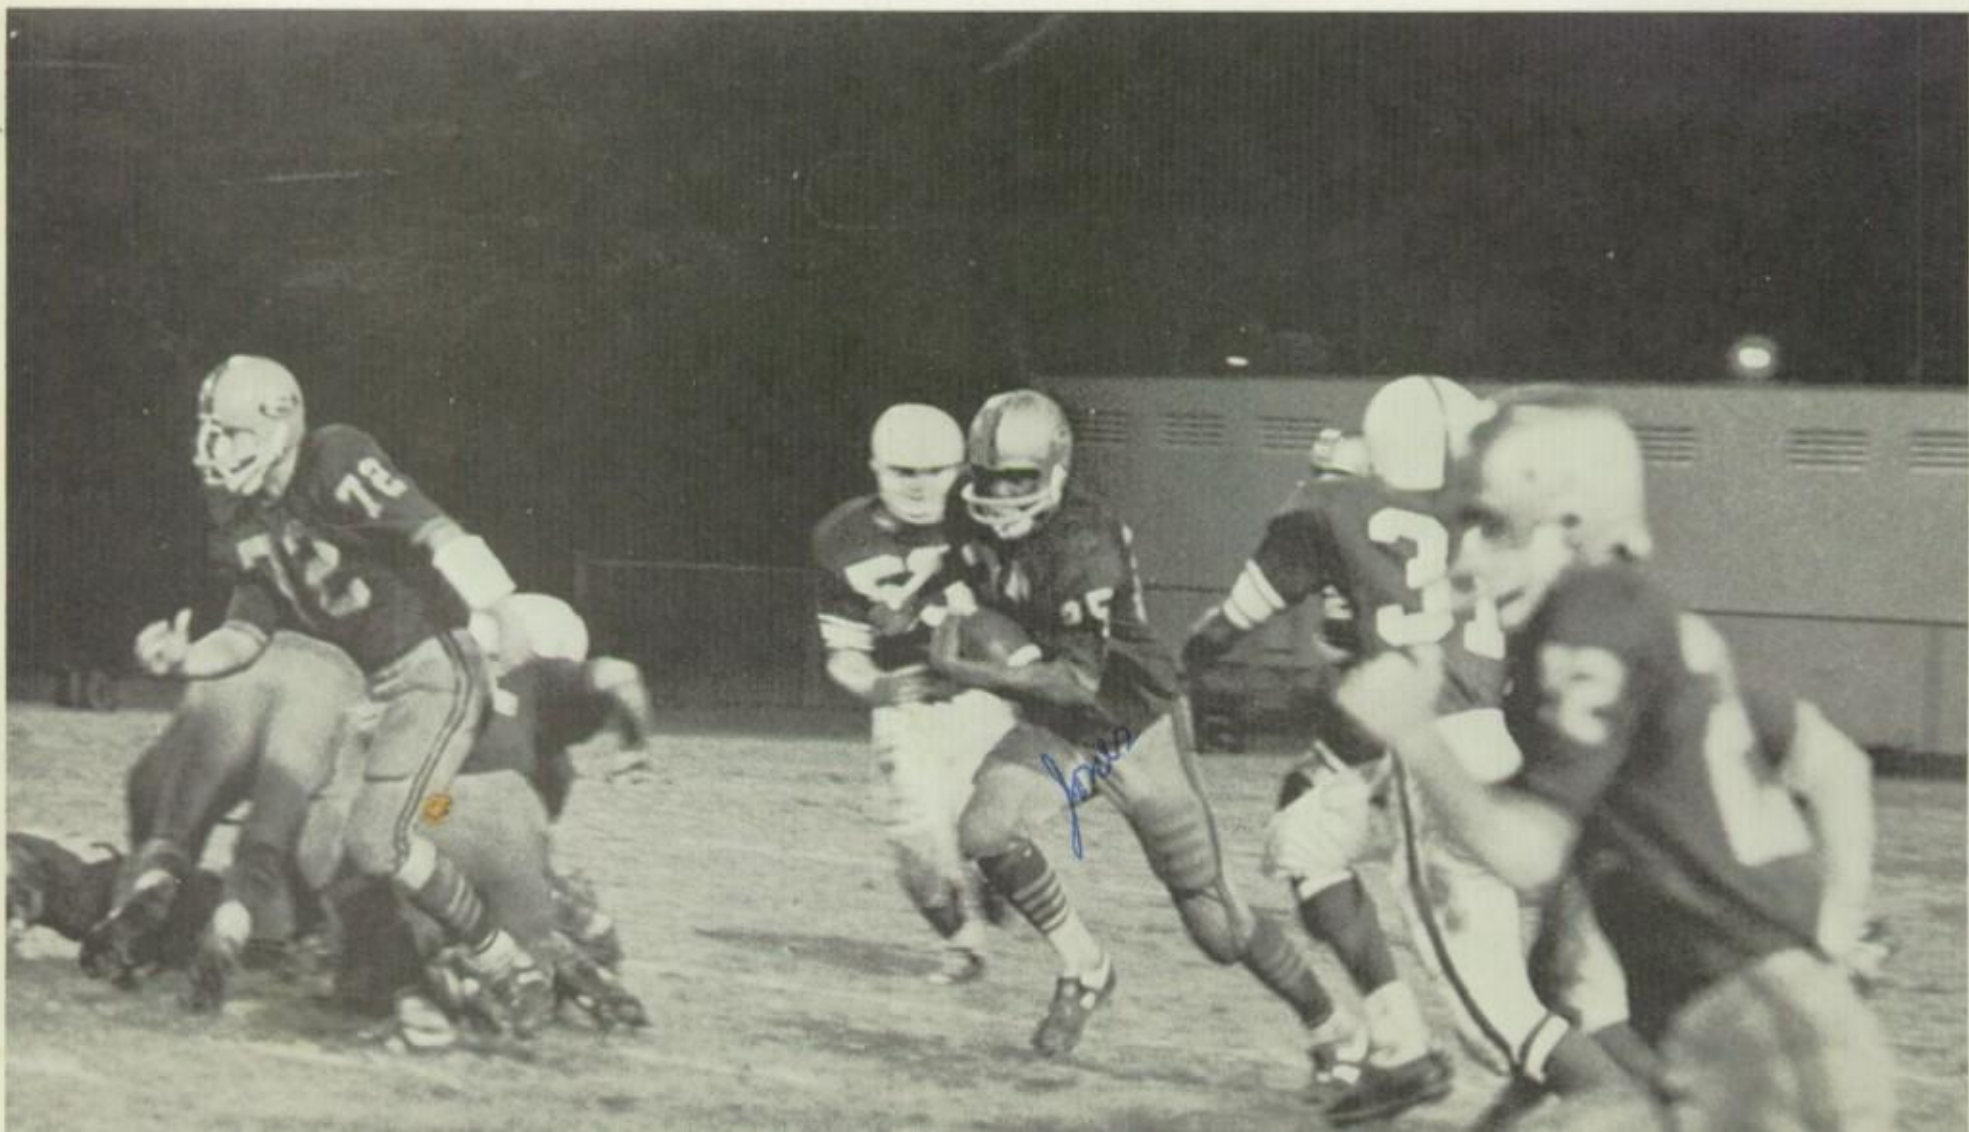

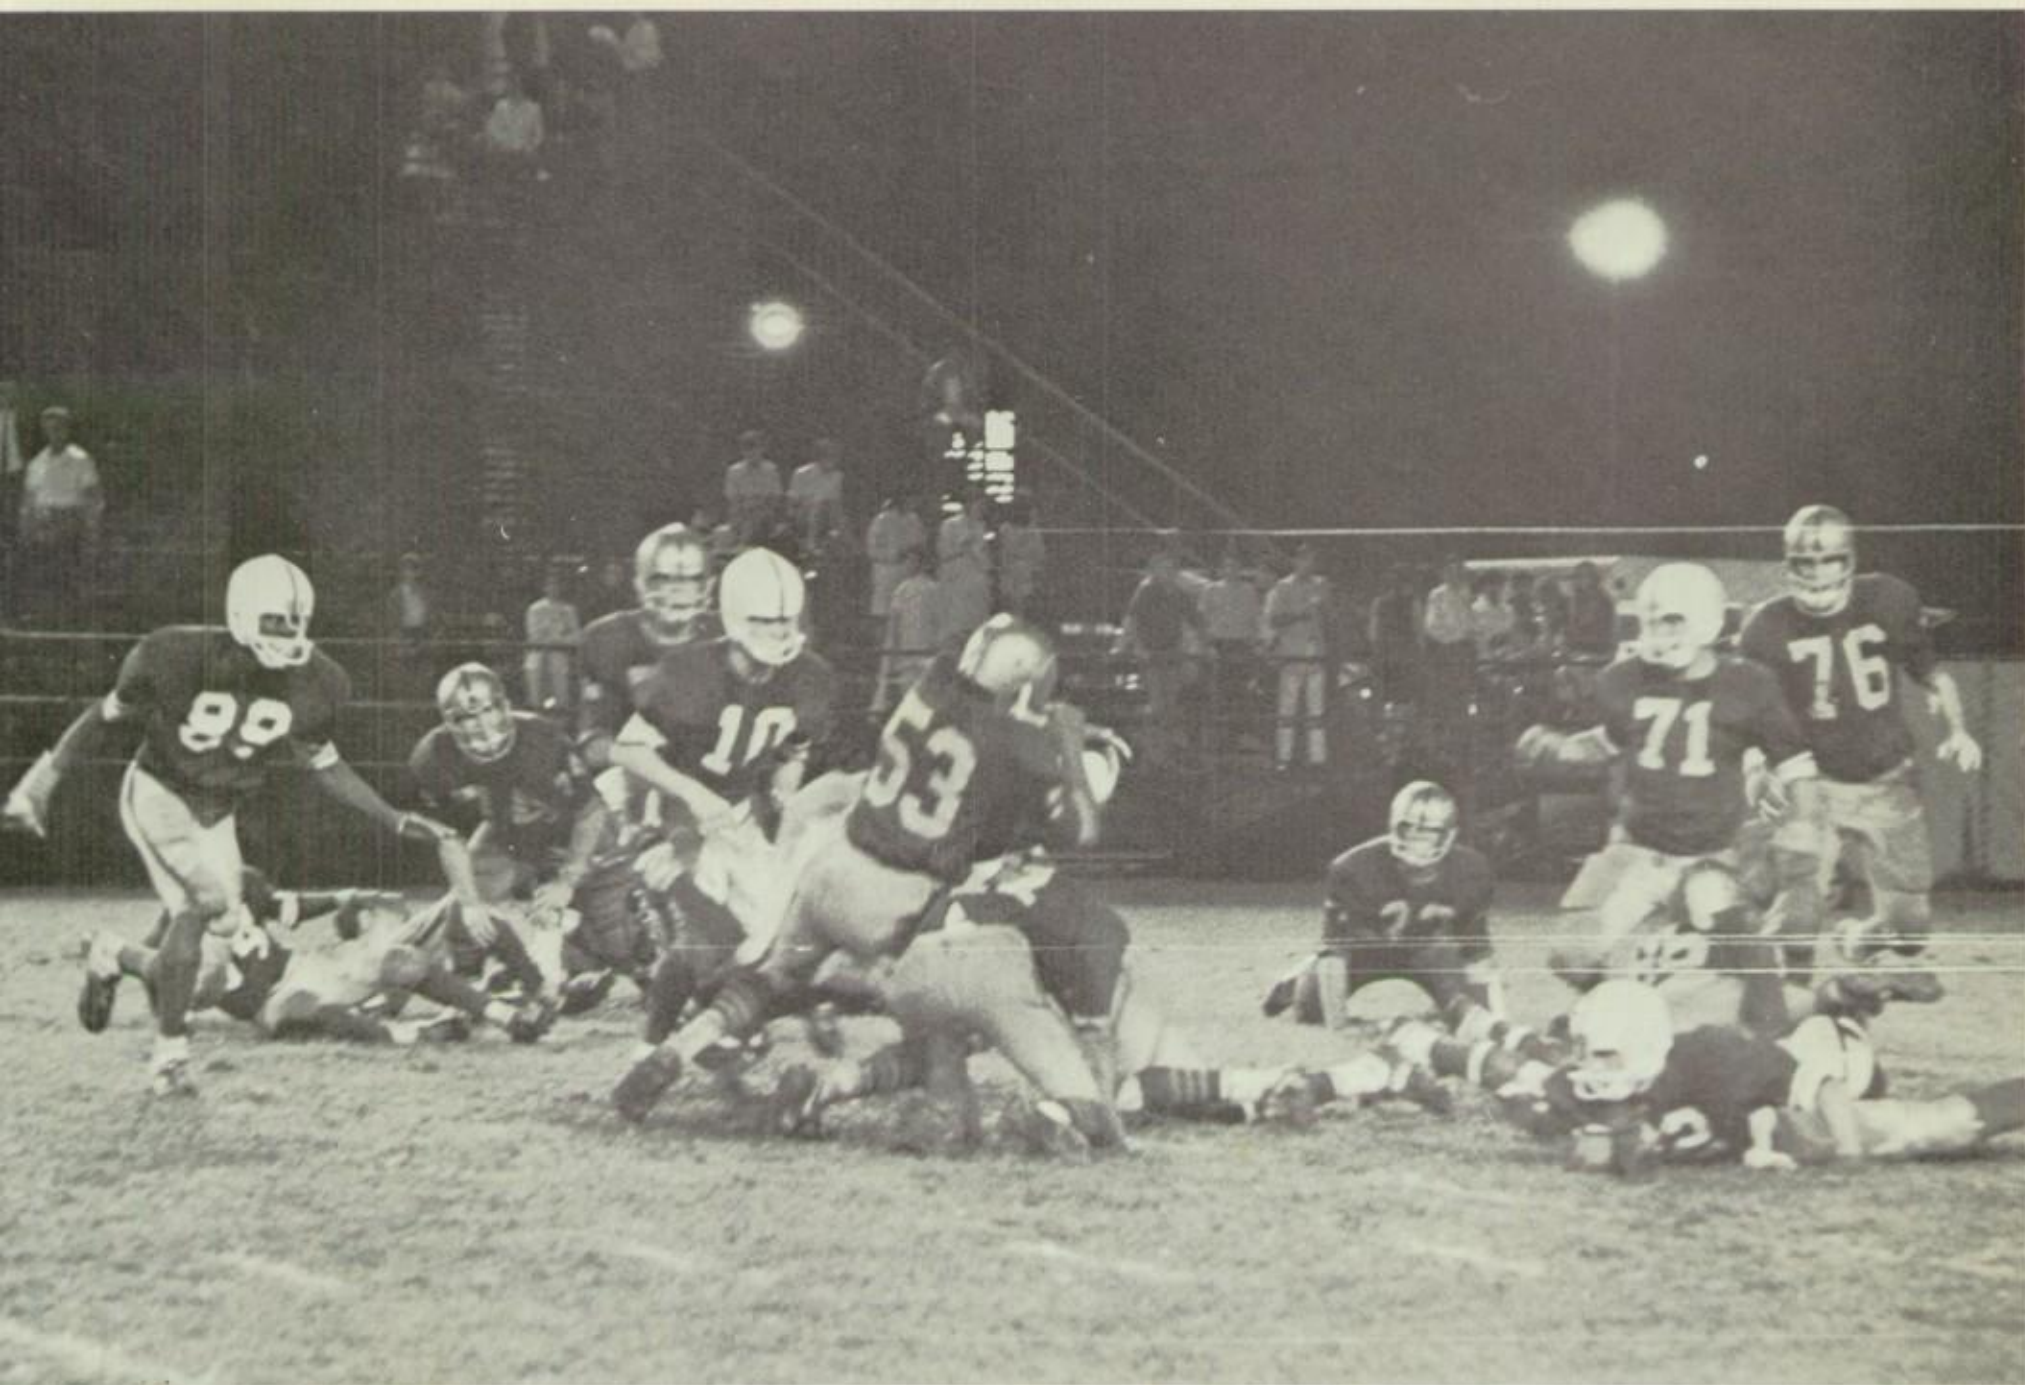

Central

The offense churns and the defense gives up only 17 yards as the Hawks obliterate Central 28-0.

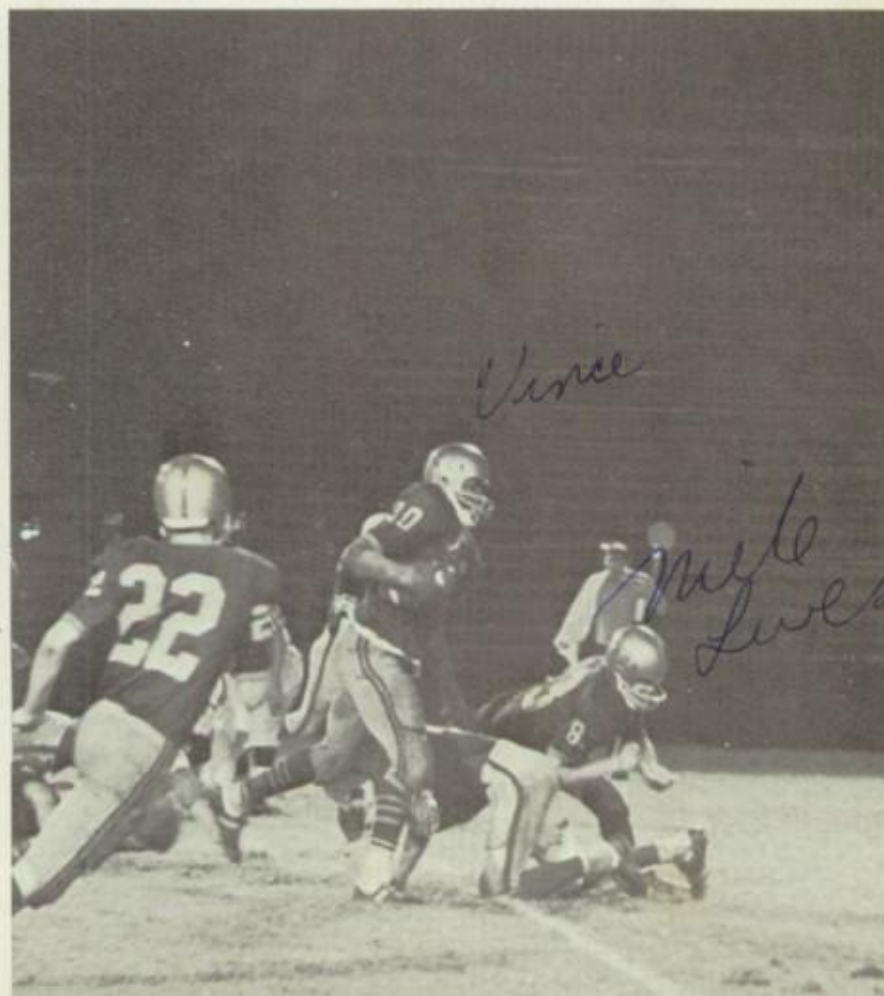

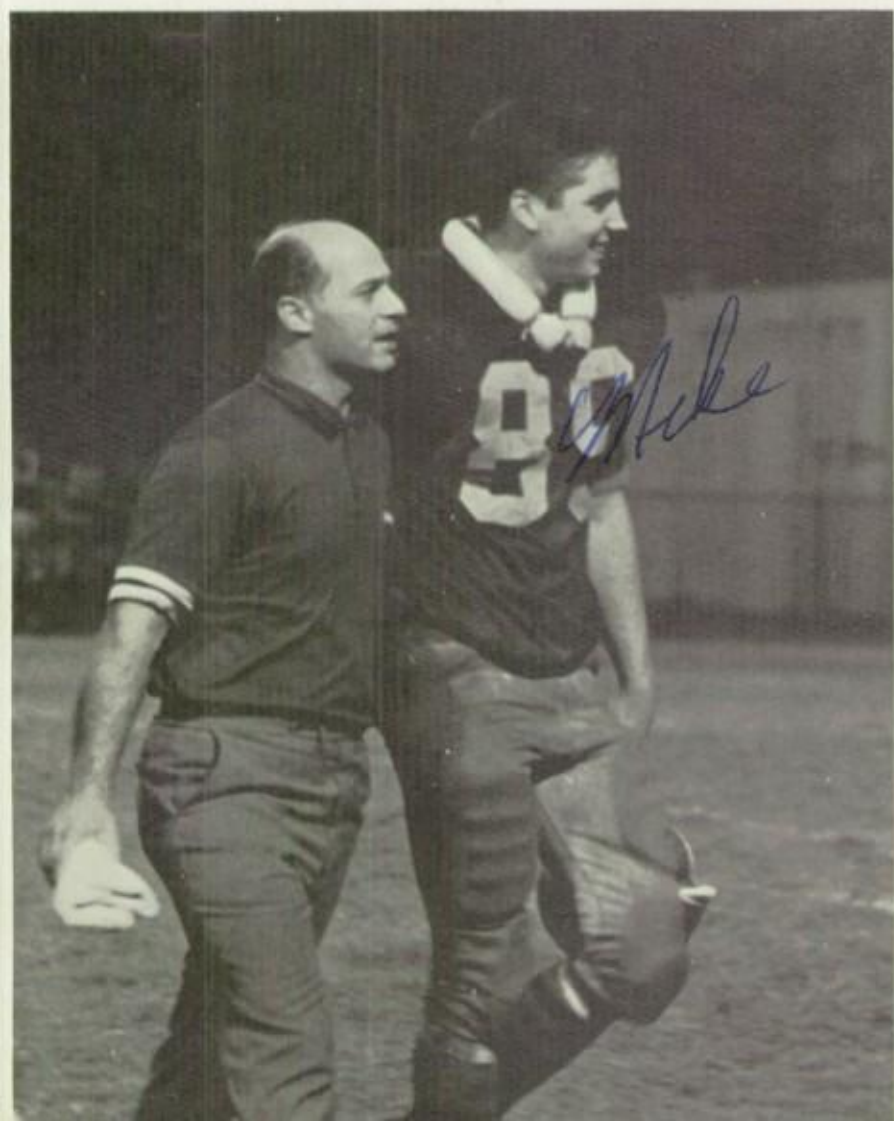

Valdes kicks one of four.

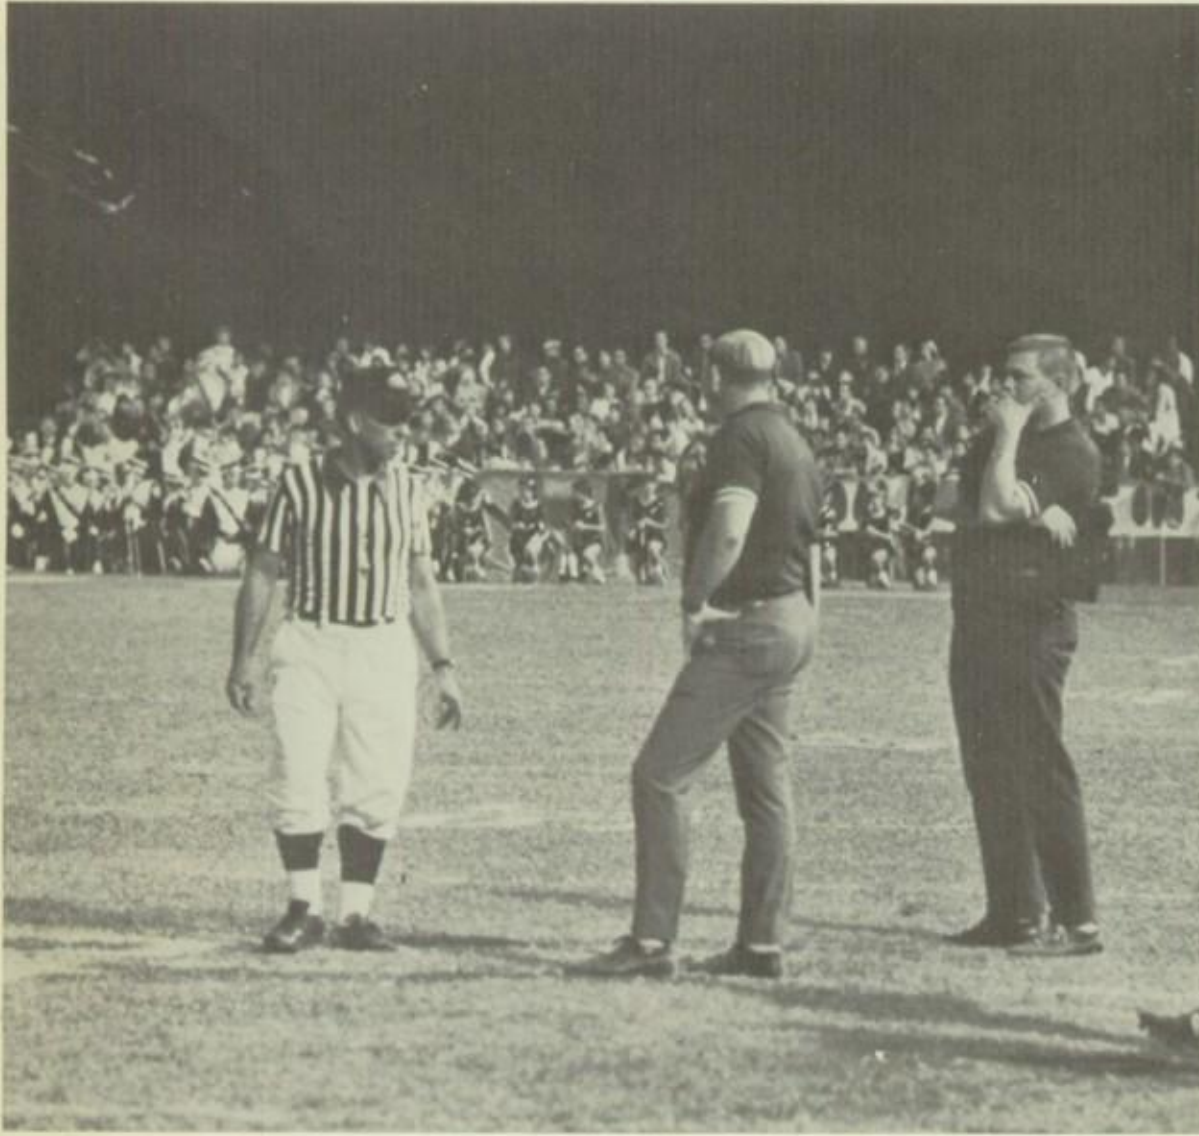

Springs defense holds Central offense to only 17 yards rushing.

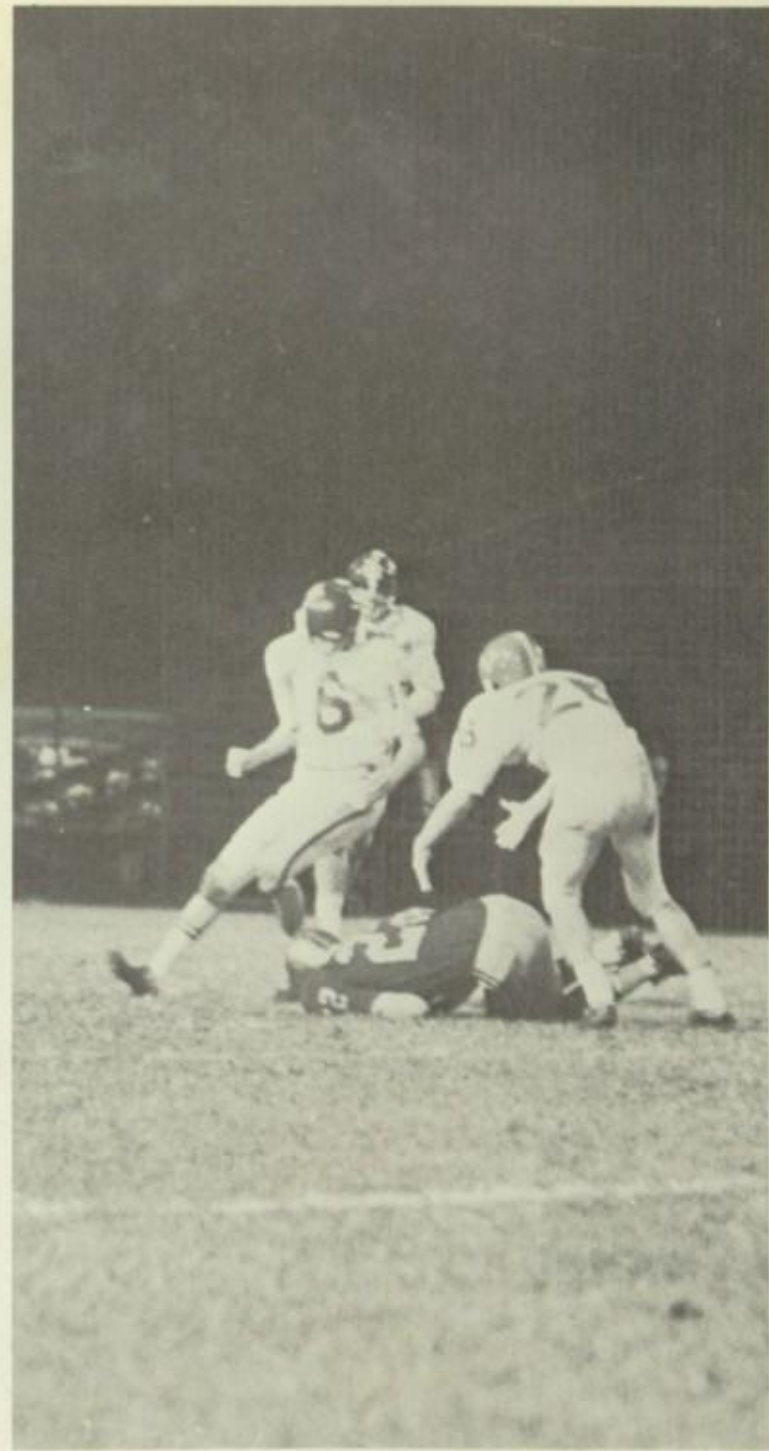

South Dade

down the Hawks 21-0.*

Hialeah

to arch rival Hialeah.*

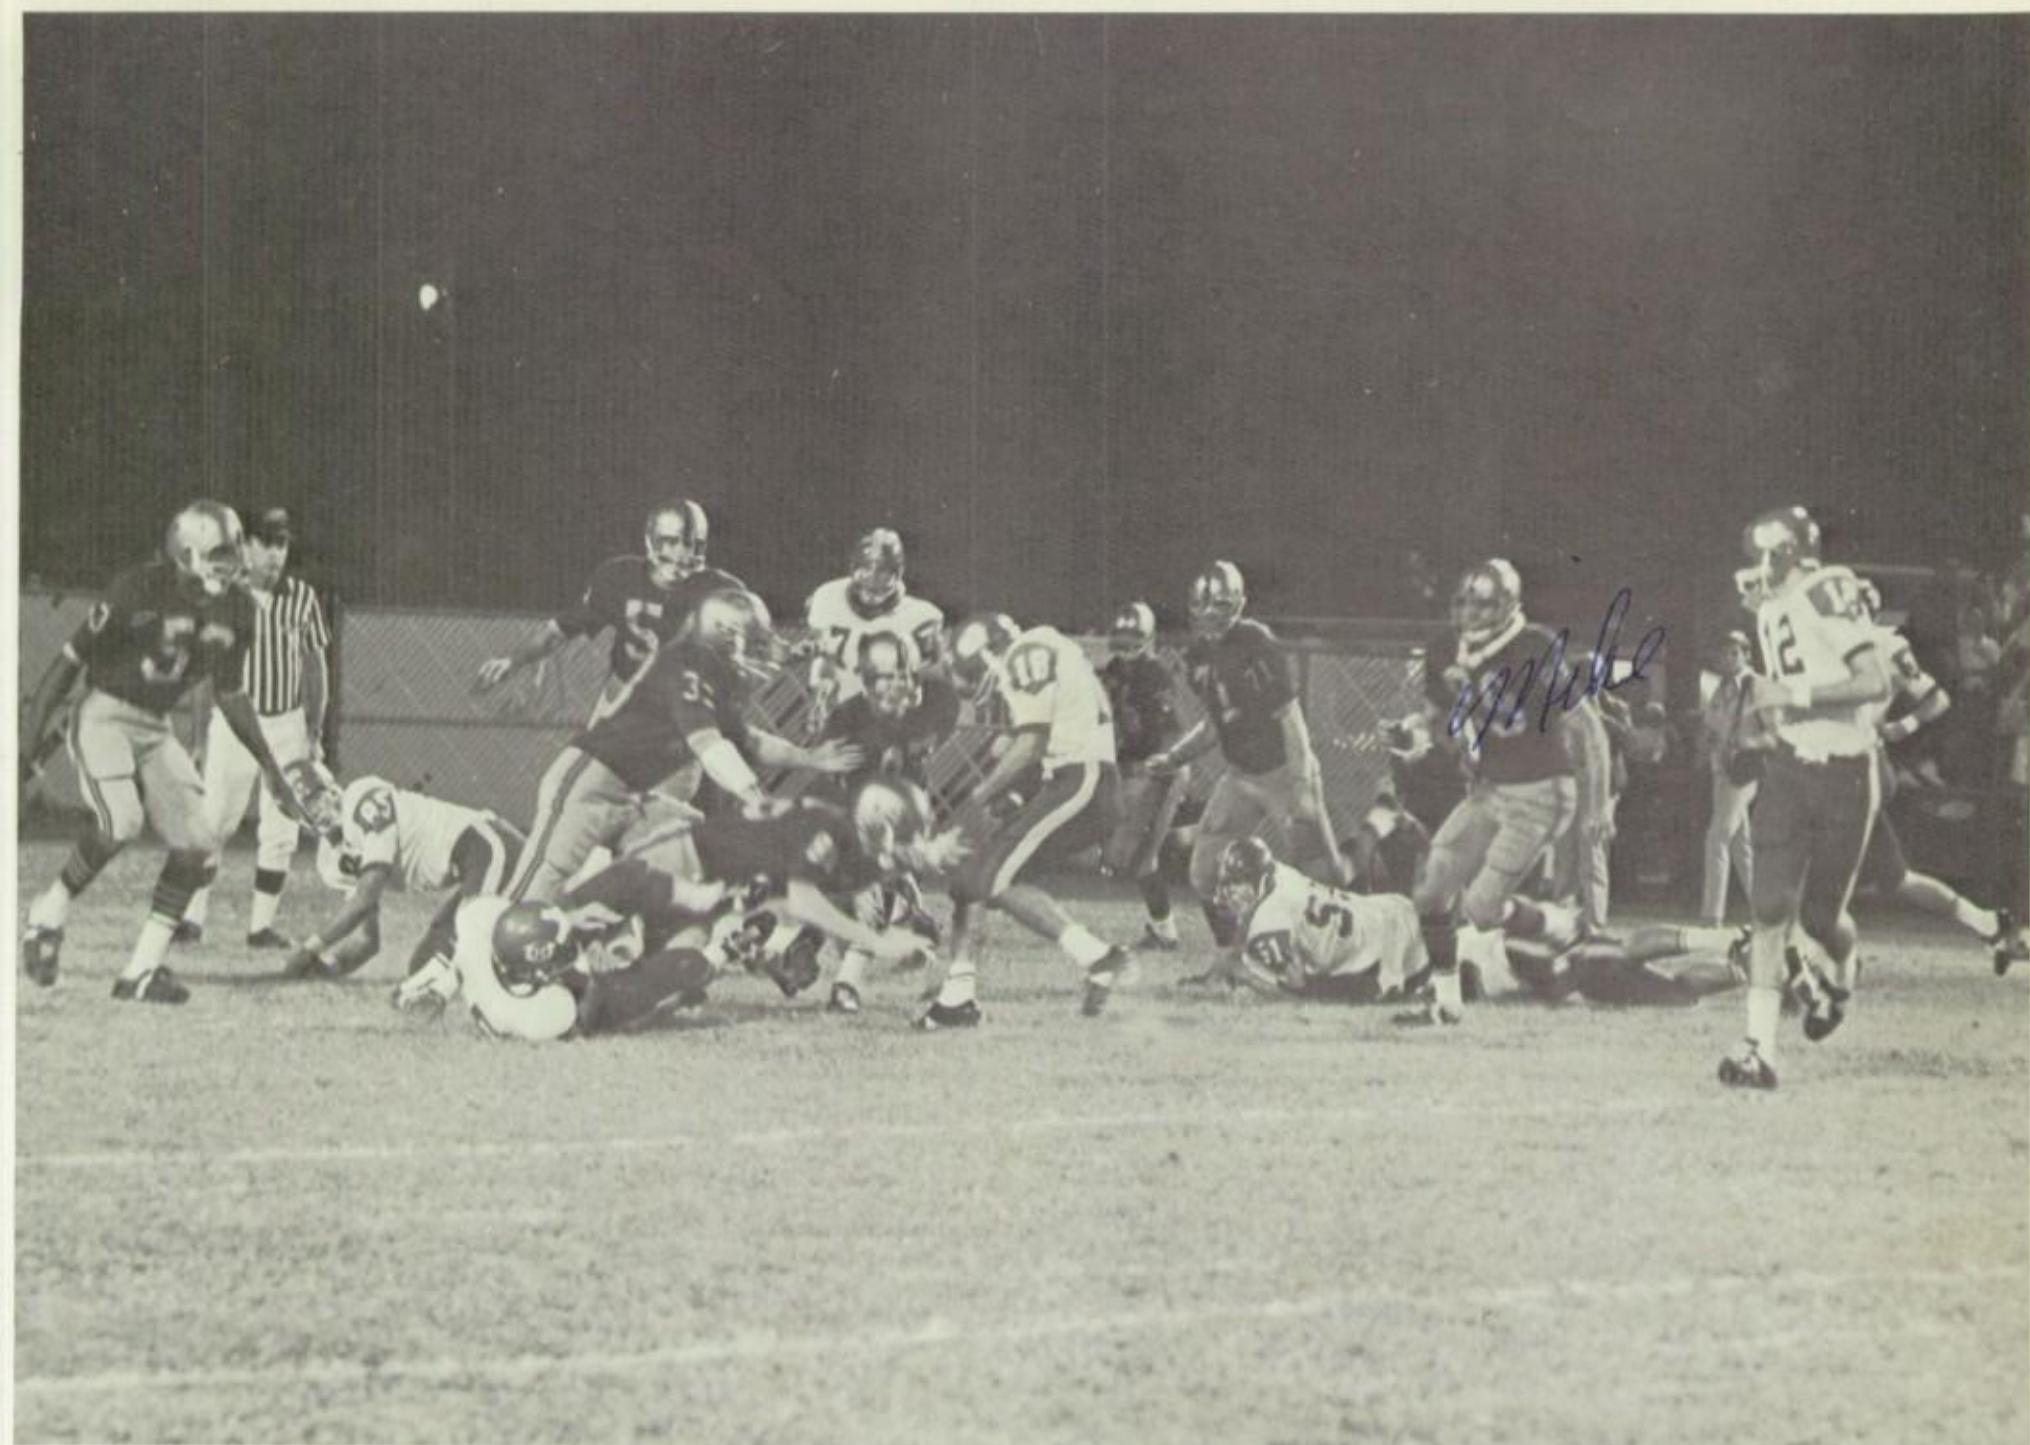

Valdes scores.

TO ALL YOU UNFORTUNATE PEOPLE WHO HAVE NEVER BEEN ON A YEARBOOK STAFF BEFORE, THIS IS THE LIFE OF A YEARBOOK EDITOR:

... that first day of school when *you* are supposed to tell your 25 new, eager staff members all about the workings of a yearbook, and you realize you never *learned* any of that last year ...

... the A. C. Room, with its 85° angle stairs where the boys have to go up first (for obvious reasons), the constant threat of being thrown out because all the papers and junk lying around is a "fire hazard," and the 30° below zero atmosphere even when it's 90° outside ...

... a steady diet of large pizzas, small Metrecal Lemon flavored cookies, onion and garlic potato chips, and lots of coffee ...

... that certain section of the Roof, where more memories were made than any other spot in school ...

... the feeling of dread when it's 20 minutes before you are supposed to take pictures of seven different clubs, and you remember you forgot to call the photographer ...

... the one and only Miss Zita Berardi, who has been so thoughtful, kind, considerate and understanding **ONLY** because she's in love and is getting married Next summer (Congratulations, Jim, I guess you know you're a very lucky guy) ...

... that sudden frustration when it's the day after final deadline, and you still haven't taken Latin Club pictures (Sorry, Mrs. Raneri, better luck next year) ...

... the feeling of inadequacy when you notice how wonderfully efficient your staff is working *without* your help ...

... the great pride when the book comes out and you really believe this IS the best yearbook in the history of the school ...

... Byron Kennedy, our Taylor Publishing Company representative, who is constantly pulling us out of jams, and is so patient with us and cooperative (anyone who can put up with Miss B. for four years HAS to be wonderful!) ...

... Tony Perez, our photographer, who we all could KILL many times, but who always seems to come through for us in the end ...

... my wonderful, patient staff, who should really be writing this page and getting the full credit they deserve for all their successful, hard work ...

... my teachers, friends, and members of my family, who have had to put up with me this year, all the thanks and deep gratitude I feel, but never seem to express ...

... joy ... laughter ... frustration ... pride ... depression ... tears ... hysteria ... thankfulness ... gratitude ... and a heck of a lot of fun ...

May God Bless you all, and may you find something in life that is as wonderfully exciting and fulfilling as being Editor of the 1969 Spectre has been for me.

As Ever,

Julie Fugate
